What is halotherapy?

Breathing in pure grade salt that has been finely ground and dispersed into an enclosed room or chamber through a special halogenerator. The micro-sized NaCl particles are super absorbent, antibacterial, anti-inflammatory, and antimicrobial. Halotherapy is 100% natural, drug-free, and safe!

Halotherapy enhances overall wellness by removing toxins from your respiratory system and sinuses, cleansing your skin, boosting your immune system, and more. Clients also report improved sleep, mood, relaxation, as well as relief from asthma, allergies, and COPD symptoms.

*All natural healing, wellness,
Salt Therapy
& more!*
